Introduction

A supported operating system is one for which Cambium Assessment, Inc. (CAI) provides updates to the Secure Browser for that operating system. CAI actively tests the Secure Browser with supported operating systems to ensure compatibility and provides Secure Browser updates as needed when the supported operating systems are updated or as bugs in the Secure Browser are detected and fixed.

This document describes CAI's plan for supporting operating systems during the upcoming test administration and following years. This plan helps districts and schools manage operating system deployments based on the support timelines.

Support Plan for Operating Systems

[Table 1](#) lists the operating systems and the anticipated end-of-support dates. The shaded cells in [Table 1](#) indicate the following:

- **Yellow shading**—CAI ends support for operating systems after the 2020–2021 school year.
- **Gray shading**—CAI ends support for operating systems after the 2021–2022 school year.

Chrome OS ^d			

Operating System Support Plan for Test Delivery System

Supported Operating System	Release Date	Anticipated End-of-Support Date	Notes
83+	June 2020; rolling	For any given school year CAI will support the latest version of Chrome OS available during the summer months and all subsequent versions until the following summer. For example; if Chrome 84 is released in July, it and all versions of Chrome after it will be supported until July of the following year.	Google releases new versions of Chrome OS every six weeks. Support may require updating the Chrome kiosk application.

- a If Microsoft or Apple ends support for an operating system sooner than six years after its release, then CAI will stop supporting that system one full school year after support ends.
- b Support for this version is anticipated upon the completion of testing following its release.
- c For Linux distributions, CAI will end support at the end of a full school year after the official distributor's announced end-of-life support date.
- d CAI will support any device that Google actively supports for auto-update. CAI will not support any device that Google does not support for auto-update. Information on Google's auto-update policy, including currently supported devices, can be found at <https://support.google.com/chrome/a/answer/6220366>.
